EXPERIENCE

Punch Neapolitan Pizza, Roseville — Cook

Aug 2019 - Present

- Working as a team.
- Communicating with 100+ customers a shift.
- Satisfying custom orders while staying attentive to detail.
- Training new employees, our restaurant procedures, how to cook, prepare ingredients, and communicate during peak hours.

Chipotle, Vadnais Heights — Cook

Jan 2016 - June 2018

- Completing work in a fast and high-pressure environment.
- Remaining flexible in a changing, unpredictable environment.
- Arriving early to every shift and completing duties in a timely manner.
- Training new employees in any crew member position (grill, line, cashier, prep, and expo).

EDUCATION

University of Minnesota coding boot camp, — Web development

2021 - 2022

Century College, Mahtomedi — Nursing prerequisites/ generals

2019 - 2021

PROJECTS

Capital Opulence — A personal finance application

This application allows a user to create an account and begin tracking daily financial gains and expenses. Data entered by the user is rendered as a bar graph and stored in the user's dashboard.

<https://capital-opulence.herokuapp.com/>

Mantis Mocha — A coffee e-commerce site

The site is built with the MERN stack and the Stripe payment API. A fast and customizable user experience was a top priority when developing this application.
